Social Media Content Creator specialising in taking content from idea to audience. Built a personal media brand with 600K+ followers/subscribers across platforms, with videos generating millions of views and strong organic reach.

MBA in Digital Marketing, combining hands-on production with content strategy, audience growth and performance analysis; now using AI and vibe coding to build websites, dashboards and workflow tools that make content operations faster and easier to manage.

## PROFESSIONAL EXPERIENCE

Creator Brand  
2020 – Present

**Founder, Video Producer & Social Media Creator**  
*AlexFisher*

- Built and managed a 600K+ cross-platform audience across YouTube, Facebook and Instagram, producing original marine, fishing and lifestyle content.
- Own the full video lifecycle: research, concept, scripting, filming, editing, sound design, thumbnails, SEO, publishing and post-performance optimisation.
- Produced videos and social content reaching millions of views, using audience data, retention and engagement signals to improve future content.

United Kingdom  
2026 – Present

**AI Video Producer, Content & Social Media**  
*TOC Publishing UK*

- Produce social videos and AI Story videos from script through AI-assisted production, character consistency, lip-sync, editing and final delivery.
- Adapt creative assets for Instagram, TikTok and YouTube while supporting content planning, outreach and publishing.

London, UK  
2025 – 2026

**Social Media Content Creator**  
*Costa Coffee – South West London, UK*

- Created Instagram video, photography and branded social assets focused on stronger engagement, visual consistency and local audience relevance.
- Planned, shot and edited social content while monitoring performance and refining creative direction.

Remote / Global  
2023 – Present

**Video Producer & AI Content Creator**  
*Freelance*

- Create short- and long-form branded video using Adobe Creative Cloud and generative AI, combining traditional production with faster AI-assisted ideation and versioning.
